Chief Secretary,
Government of Andhra Pradesh

Subject: Action Month Against Child Labour Between 01st June to 30th June 2023

Respected Sir,

Child labour is a serious and enormously complex problem. According to Census 2011, 43,53,247 children between the age group of 5-14 years were working as child labourers, though the numbers have decreased from the 2001 census which showed that 1,26,66,377 children between the age group of 5-14 years working as child labourers.

Many children under the age of 14 years are often found working in hazardous occupations. Their working hours are long they are often hungry and malnourished. The plight of migrant children is even worse. The families sending their children for work are often trapped in the vicious cycle of illiteracy, unemployment and poverty.

Bachpan Bachao Andolan (BBA) founded in the year 1980 by Nobel Peace Laureate Shri Kailash Satyarthi, is a pioneering grassroots movement working towards elimination of child labour, forced labour, bondage and other forms of modern slavery. BBA envisions a child friendly society, which can be achieved through the collaborative efforts of the Government, community and civil society. Till date BBA has rescued 1,17,524 children from exploitative child labour situations and is working towards their rehabilitation.

In order to spread the message on elimination of child labour our founder led the Global March Against Child Labour in the year 1998. Over 7 million people took part in this 80000 km long march and many world leaders extended their support for the cause of child labour. The march culminated in June 1998 in Geneva during the International Labour Conference (ILC) session. The result of this march reflected in the form of the adoption of ILO Convention 182 on Worst Forms of Child Labour. Since then "**World Day Against Child Labour**" is observed every year on 12th June across the world.

BBA has been observing June as the "**Action Month Against Child Labour**" since 2018. Accordingly, this year also BBA proposes to observe "Action Month Against Child Labour" from 1st June to 30th June. The Action Month is conducted in partnership with State Government specially the State Labour Department, Police Department and Department of Women & Child Development. Joint rescue operations by the aforementioned departments are conducted for rescue of child labourers in the State as practice.

In order to successfully conduct Action Month, we seek support of State Government by way of issue of directions to the concerned departments/officials to :-

- Enhanced efforts for joint rescue operations.
- Implement the Standard Operating Procedure (SOP) towards a Child Labour Free India issued by the Ministry of Labour & Employment (MOLE) Govt. of India through the District Task Force (DTF) headed by the District Magistrate in all districts.
- Provide appropriate rehabilitation measures to children rescued during rescue operations.
- Appoint a Nodal Officer either from Labour Department or Women & Child Development Department to coordinate all work related to Action Month in your state

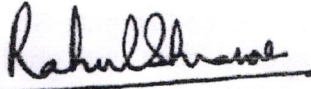

Through this letter, BBA also extends its operational support for successful organisation of Action Month.

We are also sharing the details of our State Coordinators who will be responsible for all follow up work hereafter:-
