<<>>

As a part of implementation of reforms enabling Ease of Doing Business and to ensure implementation of welfare and other services conditions of the employees in an effective manner, a web based application has been developed for allocation of inspections to the inspectors. The allocation of establishments to be inspected by the inspector will be through online random selection basis duly following the guidelines / instructions issued the G.O. cited. The inspector to whom the allocation is made online shall only carryout the inspection of the establishment allocated under all Labour Acts applicable to the particular Establishment and shall upload the Inspection particulars Act wise clearly specifying the violations detected and action proposed to be taken against each establishment through the data entry form provided in the web application in the department website at <http://www.labour.ap.gov.in> which is enabled with immediate effect for the above purpose.
